

ROYAL DOCKS TEAM

People Powered Places 2025-27

The Royal Docks Team is excited to continue its partnership with Newham to support the next cycle of People Powered Places (PPP). Beckton & Royal Docks and Custom House & Canning Town will receive an additional £80,000.

There are many ways in which the Royal Docks Team can work with you and support your project. Below are a few opportunities to consider when developing your People Powered Places project idea.

- **Creative skills & employment** - could your project provide opportunities for skills training? e.g. in marketing, digital media, stewarding and front of house, as well as paid roles for expertise. Contact our team for advice on local skills & jobs.
- **Activate Royal Docks spaces** - get in touch for information on indoor and outdoor venues around the Royal Docks you could use.
- **Compressor House at Royal Albert Dock** - find out about this exciting new venue for community use, including upcoming digital skills training and access to a 3D model of the Royal Docks.
- **Food & Beverage** - support the offer of a wider range of tasty, healthy food in the Royal Docks and support local entrepreneurs.

ROYAL DOCKS CULTURAL PROGRAMME

July - September

At The Docks: a diverse programme of arts, leisure and sports activities delivered in partnership with local organisations.

Royal Docks Summer Splash: free family fun including a lido, sandpits, deck chairs and activity programme for all ages.

September - October (every 2 years)

Royal Docks Originals 2027: the second edition of a new biennial festival of creative work made in the area. Make sure you visit this year (15 Sept- 4 Oct 2025)

December

Winter programme: family friendly programme of events and activities for the festive season.

ABOUT THE ROYAL DOCKS TEAM

The Royal Docks team is supporting the regeneration of the area in partnership with Newham Council and partners to support the creation of new jobs, homes, improved public spaces and parks, and delivery of exciting cultural events and community initiatives. We are committed to working with diverse communities to ensure they play a role in shaping the future of the area.

To find out more about our work and five-year programme of priorities and projects, take a look at our [Royal Docks Delivery Plan](#).

Next steps:

- ▶ Get in touch for an informal chat to discuss your idea, advice on how to improve engagement and promotion or recommendations on other local organisations you could collaborate with.
- ▶ Become a Creative Connector! Support creativity and events in your local area. For more information - www.royaldocks.london/articles/join-creative-connectors
